

Consolidate with Experts!

At **Law School Loans**, our goal is to assist law students and attorneys with managing the student loans that they acquire during law school and undergraduate school. To help us reach this goal, we offer incredible customer service to our borrowers. But that is not all. We also offer money-saving features to help our borrowers save substantial amounts of money with their consolidations.

Excellent Customer Service from Beginning to End

Our service begins with your initial phone call, answered by a live person. This person becomes your personal loan specialist and is with you throughout the loan consolidation process. Any time you want to talk about your loan after that first contact, you can call your loan specialist directly his or her personal line. You may also contact your loan specialist via their email account. This saves you from having to deal with the hassle of going through automated phone systems, or having to talk to a person who knows nothing about your consolidation, as many may have to endure with other loan companies.

As professionally-trained loan counselors, our specialists can answer all of your questions and concerns, as well as take you through the consolidation process. They will educate you in your repayment options and other money-saving options.

It is this type of superior customer service, along with other financing benefits, that sets **Law School Loans** apart from our competitors.

At **Law School Loans**, we are a true lender, backed by the federal government through their Federal Family Education Loan (FFEL) Program. By choosing us to consolidate your outstanding student loans, you can be confident that you are receiving the highest quality of service.

As an industry leader serving only law students and attorneys, **Law School Loans** understands your student loan consolidation needs. We are experts in both federal and private student loans, as well as the process of consolidating eligible law school and undergraduate loans.
